Surgical Assistant Policy

Only the operating surgeon can decide if an assistant surgeon is required for the proper conduct of an operation. Some insurance plans do not cover the services of an assistant surgeon, even when requested by the operating surgeon with the patient's best interest and safety in mind. Please be advised that in such cases you will be billed directly for the assistant's services. The usual and customary fee for the assistant is 25% of the surgeon's fee. We are happy to discuss this policy with you if there are any questions. Your signature affirms that you have read this policy.
